

Kindergarten Speech & Language Screening

School: HighMark Charter School

Dear Parents/Guardians,

We will be conducting kindergarten screenings at your child's school on the following dates: **September 23rd & October 6th.**

The screening takes approximately 15 minutes to complete and will assess your child's articulation and language skills. Each student's hearing will also be screened. We are following guidelines to safely conduct these screenings by: sanitizing hands frequently and disinfecting equipment after each use. Other measures may be implemented, as well, depending on your school's guidelines.

If you DO NOT wish to have your child screened, please contact us through email at somethingtotalkaboutspeech@gmail.com before the screening date. Since we conduct kindergarten screenings at multiple schools, please include in the email your child's name, teacher, and school.

Your child's teacher and school Speech-Language Pathologist (SLP) will be notified of the results. If your child has difficulty with any speech or language components that should have been mastered by their age, their teacher and/or school SLP will follow up with you about possible next steps to aid in your child's education.

Please feel free to contact us at any time if you have any questions regarding the screening.

Sincerely,

Katie Poland-MS, CCC-SLP

Heather Ferguson-MS, CCC-SLP
